

What Are Resources?

Aligned with the Australian Curriculum for Year 5, this extensive activity pack has been designed to engage your students and help them explore the concept of economic resources and how they use them to satisfy their own needs and wants. This resource features detailed lesson plans and activity templates to ensure you have everything you need.

What Are Resources?

A quick and easy introductory lesson to the concept of resources.

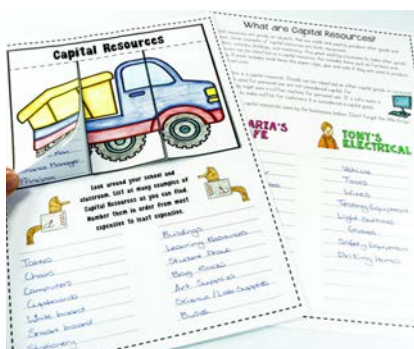

What Are Natural Resources?

This resource will help your students define and identify natural resources and how they are used by business and society.

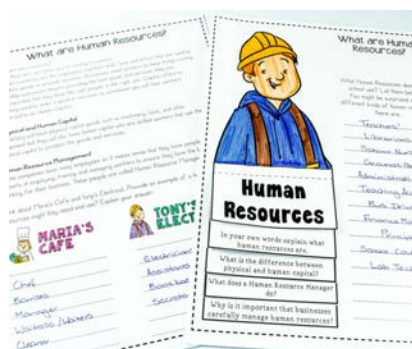

Australia's Natural Resources

Australia has an abundance of natural resources. Your students will enjoy locating them on the map provided.

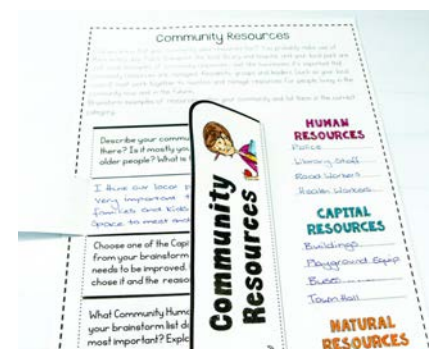

What Are Capital Resources?

Explore the kinds of capital resources used by business and discuss ways to manage them.

What Are Human Resources?

Your students will be surprised that humans are considered resources that need to be managed too!

Community Resources?

Your students will enjoy identifying local resources and discussing the importance of managing them for the community.
