ASSEMBLY INSTRUCTIONS

# Federation

## Agamograph Instructions

### Step 1

Colour-in each section of the agamograph. Make sure that you use the correct colours on the alternating sections for each picture.

### Step 2

Carefully cut around the outer edge of the the image.

### Step 3

Carefully fold along each line creating a sharp crease. Take your time and try to get your folds right on the line. Don't worry about creating an accordion fold yet. Run your finger along each crease to make it nice and sharp.

### Step 4

Once you have folded along each line re-fold your agamograph using the same lines but turning the page each time to create an accordion or fan. Start by folding the edge section **inwards** as shown here.

## Agamograph Instructions

### Step 5

Your agamograph should now look like this. If you turn it side to side you can start to see how it will look when it's finished.

### Step 6

Once you have folded your agamograph spread glue on the back of the last strip on one side only.

### Step 7

Carefully glue this section to the edge of the border on your background as shown here and smooth it down. Line up the edge of the paper with the black border.

### Step 8

Repeat this step on the other side carefully lining up the edges again to keep it straight. Congratulations! Your agamograph is now ready to display.

# Meet The Author

Amy Price | Director | Curriculum Nerd

## Is this you?

- I love teaching upper primary students. They can connect with topics with insight and maturity. I even love their sassy attitude.
- I'm always pressed for time. I'm flat out and never have time for myself and my family. I want something to take some pressure off!
- The Australian Curriculum has some really important topics for upper primary students but they can be so boring!
- I want resources that meet my planning requirements but are fun and engaging for my students. Is that so hard?

We hear you! That's why we've created resources, just like this one, for Australian upper primary teachers.

Our mission is pretty straight forward:

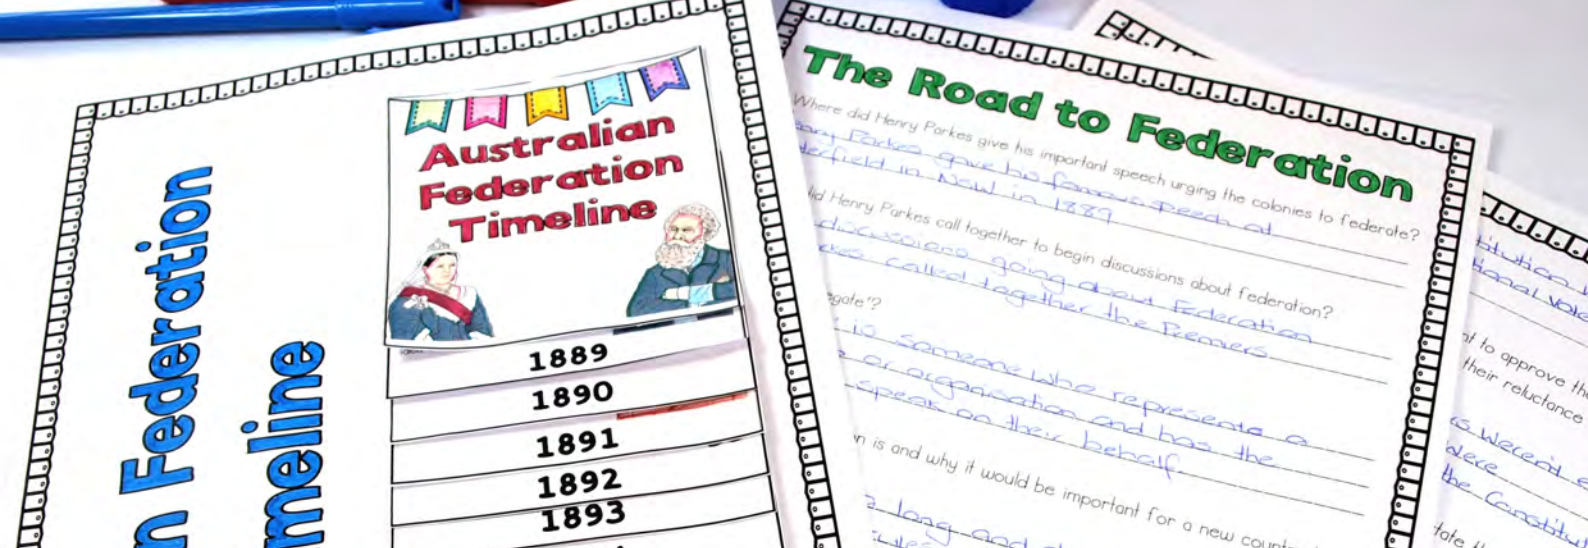

- ✓ We want teachers to have access to curriculum aligned resources that truly engage students.
- ✓ We want teachers to feel confident they've got their planning and lessons covered so they can stress less and enjoy teaching more.
- ✓ We want to liven up those dry and often complicated topics for both teachers and students.
- ✓ We want the big kids to have hands-on and interactive resources that are loaded with learning because the big kids should have fun learning too!

We hope this resource ticks all those boxes for you! If you'd like to keep up to date with our latest resources and updates click the links to follow us on your favourite social media platform.

Happy Teaching  
Amy

# *The Fine Print*

At Aussie Star Resources we work hard to create resources that meet your needs and make life easier. Did you know that purchasing this resource is no different to buying a book from one of the big publishers? We know you wouldn't photocopy an entire book and distribute it to your colleagues, because that would breach copyright, but did you know that you shouldn't do that with this resource either?

If your colleagues would like a copy of the resource additional licences can be purchased at a discounted rate. Email [info@aussiestarresources.com.au](mailto:info@aussiestarresources.com.au) and we will hook you up! Thank you!
